What was your favorite part of this year's Annual Meeting?

What could we do to improve next year's Annual Meeting?

We made many changes this year: larger blocks of time for rest and community-building, shorter workshop times, Exhibit Hall on Saturday only with blocks of unscheduled time allowing attendees to browse, music and dance rehearsals that did not overlap workshop sessions. How did that balance strike you?

We continue to seek a balance between providing sufficient information and reducing our use of paper. Were you able to locate and print documents on the Minnesota Conference web site? How might we enhance your access to information before the meeting?
