

POST-RACIAL? - REMOVING HIDDEN BARRIERS TO BELOVED COMMUNITY

*a workshop co-sponsored by the Academy for Vital Christianity
of United Theological Seminary and ASDIC Metamorphosis Ministry*

SATURDAYS, JANUARY 22 & 29, 9:00 AM-4:00 PM
Cherokee Park United Church 371 W Baker St, Saint Paul, 55107

If our churches were “post-racial,” what would that look like? In this workshop we will examine specific practices, mindsets and life-ways that hinder the creation of an inclusive community despite our best intentions. We will name the barriers to a multicultural, multi-racial church and identify models of transformation leading to what the Early Church was striving to realize—a community characterized by “right relationship”—a Beloved Community.

Meal and refreshments provided.
