Renewing your Congregation's Core Values, Vision, and Mission

A one-day seminar at St. Paul's United Church of Christ
Sponsored by the Minnesota Conference UCC

Saturday, February 25, 2012, 10 a.m.-4 p.m.

Lunch will be included.

Come as an individual or bring an entire team.

The Minnesota Conference, United Church of Christ, in partnership with St. Paul's United Church of Christ, invites you to a one-day seminar led by Rev. Cameron Trimble and Rev. Michael Piazza, co-Executive Directors of the Center for Progressive Renewal.

Combining two factors critical to church vitality, the Center for Progressive Renewal has developed a process for main-line churches that can result in both a spiritual awakening and a new vision/mission for a congregation. Many churches get stuck in old routines and visitors leave totally unclear who the church is or what it stands for. Progressive churches can be spiritually vital and motivated, too. This workshop walks you through the process of how that is possible for your church. It will be most helpful to bring a team of leaders!

Location: St. Paul's United Church of Christ on Summit Avenue in St. Paul, MN.

Cost: \$30 for individuals; \$100 for groups of five or more.

For more information contact Marita Karlisch at maritak@uccmn.org.
