### **Ministry Description**

The First Congregational United Church of Christ, Glencoe, MN is seeking a strong, faith-filled leader who can speak and act confidently, based on a strong foundation of theology and is comfortable assuming the roles and responsibilities of clergy. Our pastor needs to challenge us to creatively seek out the unchurched, the uncommitted and the prodigals among us to reinvigorate the congregation and to spread the Good News of Jesus Christ, and demonstrate Christ's love, service, forgiveness and grace in the world.

Our vision of fresh leadership calls for a person living their faith with the ability to relate Biblical teachings to contemporary life and inspire faith development and faith in action within the church. We are theologically moderate, although within our community we are viewed as theologically liberal.

Our intention is to seek a full-time pastor; however, we are open to the right person for part-time ministry if our ministries align. Ordained or licensed candidates will also be considered to fill this vital role. We believe there are hidden gems of gifted persons within our community who have not yet been incorporated into the larger work of our church.

We are seeking a spiritual leader who can recognize and call forth the gifts within us and around us to make the most of this church community as we answer God's call. Three-month paid sabbatical will be offered after four years of service.
