Ministry Description

“We are a warm and welcoming UCC Church in a suburban setting. Our history, less than 30 years, incorporates the philosophy that “God is still speaking.” While our worship service is traditional in its format, our congregation is open and diverse. The minister we’re seeking is one whose theological foundation can be applied to our daily lives. We want an inclusive and engaging leader, who can reenergize and grow our church. As a congregation in transition for the past five years, we welcome the opportunity to build a lasting connection with our new minister.”
