

WORKSHOPS FOR 2023 ANNUAL MEETING

To: The Churches, Committees, and Teams of the Minnesota Conference United Church of Christ and other interested persons
From: The Annual Meeting Planning Work Group (AMPWG)

The workshops of the MN Conference Annual Meeting are always a highlight. It is a way to share information, best practices, and ideas with a variety of people from around this great Conference. The workshops for the Annual Meeting will all be presented at the Annual Meeting on Saturday, June 10. The Saturday workshops will NOT be available online. There will be online hearings for resolutions and other voting items Monday, June 5 through Wednesday, June 7. Please consider presenting a workshop at this upcoming Annual Meeting.

All in person workshops on Saturday, June 10 will be available to anyone that is in attendance at the College of St. Benedict. There will not be Zoom options available for these workshops.

Please send in your proposed workshop title, description, and goals to Sandy Kellen at sandyk@uccmn.org by **April 29, 2023**. We will get back to all presenters by May 5. Once the slots are filled, we will close the application window. If sufficient applications are received before April 15, then we will stop processing applications, so it would be wise to apply early!

Sincerely,
The Annual Meeting Planning Work Group (AMPWG)
